

# Save the Date

## 07/10/2021

### Mid-Term Presentation

Please save the date for the mid-term presentation of the research project *KI Delta Learning – Scalable AI for Automated Driving*. We will present first insights in the Proof of Project Concept and first results. We will show highlights on *Data Acquisition, Transfer Learning, Didactics* and *Automotive Suitability* in poster sessions. In addition, you will be able to discuss with experts and project partners.

For more information please visit our website.
